# President's Message Nicholas von Hofen, CGCS

Dear Fellow Member,

The Everglades Golf Course Superintendents Association Annual Meeting, scheduled for July 8th at The Country Club of Naples, is quickly approaching. Once again, there will be two flights this year. We will have a stroke play competition for Chapter Champion for both Superintendent and Vendor, also a four person scramble for the more social golfers. I think we can all agree that The Country Club of Naples will provide a challenging yet enjoyable venue for this year's event.

An EGCSA business meeting and lunch will take place before golf including an update on our Association and elections for new board positions. As a member of the Everglades for the past 6 years I have always enjoyed the opportunities offered by our association. After serving on the Board of Directors for the past 5 years I have a greater appreciation of what it takes to offer these outstanding events and I am very proud to have served with the dedicated people who have donated their time in making it happen. I would encourage anyone who is interested to contact the existing Board of Directors to work their way through the chairs and join our great team.

With over 350 members, the EGCSA remains one of the strongest affiliations within the state. Our regular events have had record attendance throughout the year and with strong leadership to follow, the success of the EGCSA will continue to grow. I have received numerous emails throughout the year from our members thanking the EGCSA for the networking opportunities, quality education events, the Assistant Superintendent Program, Rob Toski's awesome camera work and overall camaraderie. I encourage you to continue to attend our regular meetings and make the effort to meet someone new. These opportunities exist only if you keep up the participation.

I would sincerely like to thank all of the EGCSA members for their support over the past 12 months and in particular, the Board of Directors, for their personal contribution to the continued success of the EGCSA.

Sincerely,

Nicholas von Hofen, CGCS
